Hi A.J.,

I'm not sure what the meeting between Seneca Nation and PADEP entailed. I was aware they were having a meeting because Cliff Redeye of the Seneca Nation told me it was taking place. I didn't feel like I should pry and ask what it was about though. I would assume it has to do with consultations on state environmental actions but I'm not sure.

I don't think that it has any bearing on our interactions with the Nation for UIC. We have our own separate process for permitting than the state does.

Kevin:

I saw in the 6/1/2021 Senior Managers Staff Meeting Notes that there was a blurb entitled "*Seneca Nation & PADEP Call on coordination and consultation.*"

Does that have any bearing on our own Seneca Nation coordination activities in the Roulette Oil & Gas Permit matter ?

Sincerely,
